

Overview:

Boundary Bay Veterinary Specialty Hospital (BBVSH) is seeking a diagnostic medical sonographer who is also a veterinary technician to perform abdominal ultrasound on small (companion) animals. BBVSH is an emergency and specialty referral veterinary hospital. Our culture prioritizes team-work, problem-solving, excellence, and life-long learning. BBVSH promotes equal employment opportunities for all job applicants.

Duties:

- Operate ultrasound imaging equipment to produce and record images
- Monitor ultrasound examination to evaluate quality and consistency of diagnostic images, and make adjustments to diagnostic equipment as required
- Record, store and process scanned ultrasound images by using camera unit connected to the ultrasound equipment
- Prepare examination reports for veterinarians
- Check ultrasound equipment to ensure proper operation
- Handle, restrain and care for animals undergoing ultrasound, treatment, and surgery

Requirements:

- Bachelors Degree in Diagnostic Medical Sonography
- College or CEGEP certificate in veterinary technology (animal health technologist)
- Canadian Society of Diagnostic Medical Sonographers Registration OR American Registry of Diagnostic Medical Sonographers Certification
- 5+ years of experience in sonography
- Areas of specialization: Small (companion) animals, abdominal ultrasound
- Willingness to relocate; relocation costs covered by employer
- Personal suitability: Effective interpersonal skills, good judgement, accuracy, reliability
- Security and Safety: Criminal record check
- Work conditions and physical capabilities: work under pressure, fast-paced environment, attention to detail, physically demanding, combination of sitting, standing, and walking

Job Details:

- Permanent, full-time job
- \$38.00 to 50.00 per hour
- Extended medical, dental, and vision benefits
- Employer will pay relocation costs
